

Scholarship Meeting

Venue: University of Waikato
Date: Wednesday 7th March 2007, 3:45pm

Present: Ann Leach, Ingrid Rinsma, Judi Mc Whirter, Ian Hawthorn, Tim Stokes

Business

1. Decided to have only one Scholarship day on either Wednesday 22nd August or 29th August during the university semester break. We will use S block facilities again – **lan to book.**
2. Use the university email system to send out an invitation to the BOPMA and WMA catchment area – the same as last year.
3. Midway through term 2, about the 31st May a flyer is to be sent to all schools inviting both teachers and students to the day. Registration is due by the end of term 2 (Friday 29th June). Confirmation of numbers and payment is needed for photocopying of resources for each student and to provide morning tea. Suggest \$2 per student. Teachers are free however relief must be covered by the school except for co-ordinators of the Calculus day – Ingrid Rinsma and Statistics and Modelling – Ann Leach (paid by the WMA ?)
Ann to co-ordinate the flyer and send to Glenis at University of Waikato
All registrations due to Ann Leach via email.
4. Request to all schools to provide either a Scholarship Calculus or Statistics and Modelling question (not an exemplar or previous NCEA Question), preferably with answers so that this can be produced for each student to take away to work on with their teachers in Term 4.
5. Invited presenters for Statistics are Harold Henderson, Judi Mc Whirter and perhaps Jason Ellwood or Jim Hogan - Ann to investigate and co-ordinate the day.
Similarly for Calculus – Ian Hawthorn, Ingrid Rinsma and Keith Allen.
Ingrid to co-ordinate the calculus day.
Similar format to last years programme given that we will probably have the same numbers of students. Could make it more interactive if we can send out via email a few problems for students to work on prior to the day. Up to schools to photocopy for their students.

Meeting closed at 4:50pm.
